

# Cornell Tech Summer Program

## for Technion Students

AUG 5 - OCT 24, 2026

### PROGRAM DESCRIPTION

The Jacobs Technion-Cornell Institute at Cornell Tech offers a unique summer internship program for current students of the Technion - Israel Institute of Technology. You will be appointed as a Research Intern, which provides employee privileges. You will be exposed to and learn about the growing research at Cornell Tech by being paired with a world-renowned faculty. Optional social activities will be available throughout the summer.

Cornell Tech is a rapidly growing campus with many opportunities to gain hands-on experience. When accepted into the program, you will be matched with an advisor in your preferred research area. In a typical week, you will conduct hands-on research in your lab, participate in a weekly check-in, and participate in lab meetings. At the end of the program, you will present at an event hosted by the American Technion Society.

### BENEFITS

- Hands-on research with Cornell Tech faculty
- Bi-weekly pay
- Roundtrip airfare
- Health insurance throughout program duration
- J-1 visa (if applicable)
- Limited housing stipend (to be confirmed)
- NYC social activities

Note: housing is not provided but the program will provide resources and guidance

### HOW TO APPLY

The program is open to all Technion students currently enrolled and will return for at least one semester. Applicants who will graduate immediately after the completion of the program will be rejected. Those who qualify will need to complete the online application with at least one letter of recommendation before March 15. This opportunity is full time and you must participate during the entire duration of the program.
